Championship juniors Alpine Ski – Passo San Pellegrino

CURRENT CONDITIONS A High pressure ridge strengthening over central-Northern Europe drives fresh North-easterly winds to the Alps today. Tomorrow a deep Low pressure moving from the Balkans to Black Sea with further strengthening of the High pressure will keep milder temperature aloft. From Monday until Wednesday the further strengthening of the Atlantic High ridge will bring again settled and sunny weather, newly rather mild everywhere with freezing level around (3200/3300), answerable of spring weather aloft.

Sea surface chart h 12 GMT Sunday 24

Today Sunnier weather with clear sky, dry air with very good visibility everywhere. Slightly chilly climate aloft with fresh winds from Northeast in the morning, gradually weakening during the day.

Freezing level at 12 UTC (m)

SAT	SUN	MON	TUE	WED
