

Oil and soap solution. Oil Refreshing Soap is used for regular cleaning and maintenance of oiled wood floors. Oil Refreshing Soap, Natural is typically used for natural oiled and colour oiled floors and Oil Refreshing Soap, White for white oiled wood floors. Oil Refreshing Soap combines efficient cleaning with re-oiling as addition oil is penetrating into the wood of the floor forming a mat protective layer in the surface.

- **Ensures maximum dirt and water resistance from day one**
- **Enhances the natural colour of the wood**
- **Cleans and maintains the floor gently**
- **Leaves a mat protecting oil film on the wood surface**
- **For regular refreshing**

## Application area

For cleaning and maintenance of oiled and waxed wood floors.

## Work description

Preparation	Wash particularly dirty floors/stubborn stains using WOCA Intensive Wood Cleaner first.
Treatment	Shake the bottle well before use. Mix Oil Refreshing Soap with lukewarm water: – For traditionally oiled floors: 1:20 (250 ml Oil Refreshing Soap into 5 litres of water). – For UV-oiled and oil-waxed floors: 1:40 (125 ml Oil Refreshing Soap into 5 litres of water). The mixture ratio can vary depending on wear and requirement. Treat with a light wrung floor cloth or mop lengthwise of the floor. Immediately afterwards, dip floor cloth or mop into mixture and wipe the floor with hard wrung floor cloth or mop again lengthwise of the wood. Use two buckets - one with Oil Refreshing Soap mixed with water and one with rinsing water. It is recommended to clean an area of approx. 10 m <sup>2</sup> at the time. By doing it this way, the floor is exposed to moisture for a short period. Leave the floor to dry for approx. two hours before use.
Note	If a light shine is wanted, polish the dry floor with a white pad.

## Drying time

Drying time	2 hours at 20°C
-------------	-----------------

## Technical data

---

Density	0.97-1.02 g/ml
pH-value	7.5-9
Shelf life	3 years
Application Temperature	+ 15-30°C
Coverage	150-200 m <sup>2</sup> /L
Colours	Natural and white
Cleaning of tools	Water and soap
Storage	+ 10-30°C. Keep out of reach of children. Must not be exposed to heat (e.g. sunlight). Store frost-free.
Packaging	1 L - 2.5 L
